AI1110 Assignment 3

Abhinav Yadav (cs21btech11002)

[CBSE class 9 Exercise 14.1 Q2]
Classify the data in Q.1 above as primary or secondary data.

Solution:
The classification of data[1] (with abbreviation for ease of representation in plotting) is as follows:

Data	Abbreviation	Class
Number of students from each department taking this course	NumStu	Primary
Maximum temperatures in Hyderabad for the past one week	MaxTemp	Secondary
Average rainfall in Hyderabad during monsoon	AvgRain	Secondary
Number of students in various programs offered by the institute	NumStuProg	Secondary
Number of medals won by India in the 2020 Summer Olympics	NumMedals	Secondary

TABLE I
CLASSIFICATION OF DATA FROM Q.1

The scatter plot for the above classification is:

Fig. 1.
